

Horrendous Lust for Psychopathic Purity Through Self Immolation

Insidious Decepancy

Welcome to my realm of purgatory
Helpless victims wallow in my glory
Fester in the blessed creation
Penance gone purity has begun
Purity through self-immolation
Choose the weapon of your destruction
FORcing you to use it on yourself
Watch you take the pain you self-inflict
Smell the horrid fragrance of your blood
Death comes slowly
Applying pressure to end it faster
Shock now sets in
Froze on the floor
Covered in gore
I demand more
Cut you open
Expose your guts
Feel your insides
So soft and wet
At home in my hands
Pleasure aroused
Crazed intercourse
Satisfaction
Is now achieved from this gut f**k
Writhe in torment
Ejaculate on this purified corpse
Self-immolation has taken its f**king course
Lusting the flesh of the one I have slain
Imprisoned no more they've escaped from the pain
Immolation
Pain horrendous
Fixation on those whose lives are stained
Salvation and purity they've gained
Disboweling them the only way
Enforcing my psychopathic rage
