

Insatiably Craving Abhorrent Denouncement from the Continues of Flesh

Insidious Decepancy

Free me from this mortal body entombed
Useless fragile flesh surrounds me must escape
Canot take it any longer wield the blade
Carving epidermic layers blessed pain
Forcing the knife deeper inside my fucking flesh
Blood is glistening upon the blade
Strip away this prison which I have been enslaved
Metamorphosis
Searing pain changing me
Hemorrhage in my brain
Contemplating death
Pain too much
Still I cut
Horrid punishment
Organs now exposed
Infection setting in
Pus envelops me
New identity
Mutinous psychopath
Sick monstrosity
Scourge of terror I unfold
All shall taste my vengeful wrath
Rage inside is now released
Shed the blood of innocence
Your lifeless corpse
Quenches my thirst
Malevolence
Feeding my soul
Pointless to elude your fate
Your life shrouded in decay
Soul condemned to agony
Being of impurity
