

# Rancid Cesspool of Unimaginable Splendor by Ritualistic Butchery

Insidious Decepancy

Night after night it begins  
This insatiable craving for flesh  
Bound and gagged you are trapped  
Here to witness my sick ritual  
Come take my hand I will show you Eden  
Taking your life is the first crucial step  
Punging the knife deep inside of your neck  
Sticking you quick is my only regret  
Ecstasy envelops my being  
Soaked in blood I gut your worthless shell  
Bowels removed shit consumed  
Splendor  
Elation  
Psychopathic euphoria  
Cremation  
The final deed is done  
As I watch your body burn  
I masturbate into the urn  
Excited that my seed will be  
With you for eternity  
Soft flesh is now turned to ash  
My ritual has one more task  
Combine the ashes and the seed  
To give me immortality  
Take the rancid mixture  
Inject in my body  
I must cheat death once again  
As I have done for many centuries  
Each death I unfold  
My life shall be unstained  
The ritual will begin again  
When all this fucking life is drained  
Ecstasy envelops my being  
Soaked in blood I gut your worthless shell  
Ritual butchery
