

Flying Like a Bird

Inspirál Carpets

Flying like a bird
This bird ain't got no wings
Flying like a bird
This bird ain't got no wings

Somewhere in the future
Guess what's coming round
It's that certain feelin'
Now it's comin' down

Flying like a bird
This bird ain't got no wings
Flying like a bird
This bird ain't got no wings

As the night gets longer
As the light gets still
Get a little closer
Now's the time to win

Flying like a bird
This bird ain't got no wings
Flying like a bird
This bird ain't got no wings

This can't be forever
We won't last too long
Never look behind you
Feelings runnin' strong
