

Many happy returns

Inspirational Carpets

You try to move up near me
I sense and now I can see
It's all what you can do for me

So far and so long away now
Found another home I am happy
It's all what I can do for you

It's many happy returns
Although you don't deserve
It's many happy returns
It's many happy returns now

I try to get away but
All of the time you follow
It's just a moth to a flame

It's getting way hard to live here
It's getting too hard to see you
This is what you have done to me
