Spitfire

Inspiral Carpets

You and I, we travel to our different live
You and I, we travel long
We never find our home
You and I are fighting for a different cause
You and I want to be free
Not such a different mean

Because we don't wanna play with peaches
And we are circles in the sun

Spitfire taking me higher on to the clouds today
Spitfire taking me higher, nothing's gonna get in my way

You and I are doing what we're told to do
You and I will stand alone
Our hopes are almost gone
You and I we're hoping for a different life
You and I have future dreams
Where we could be as one

Because we don't wanna play with peaches
And we are circles in the sun

Spitfire taking me higher on to the clouds today
Spitfire taking me higher, nothing's gonna get in my way
Spitfire taking me higher on to the clouds today
Spitfire taking me higher, nothing's gonna get in my way
