

## Hard Times

Inter Arma

Hard times coming your way  
You're gonna have to rise above them someday  
Organize your life and figure it out  
Or you'll go under without a doubt

Hard times, hard times  
Seems I'm being forced into a mold  
Hard times, hard times  
Forcing me and I'm growing cold

Hard times coming through  
But if you're hard it won't get to you  
They're gonna try to drag you into the ground  
But never surrender, never go down

Hard times, hard times  
Seems I'm being forced into a mold  
Hard times, hard times  
Forcing me and I'm growing cold
