Options

Internet Money

Yeah, oh
If you had options
Then why'd you even stick around
Long enough for me to find out?
Fuck your emotions
You called me in the dead of night
You expected me to pick up

When you lied enough for me to believe
You'll never change at all
If you had options
Then why'd you even stick around
Long enough for me to find out?

First you lie to me, then you cry to me
You can act like you care but you obviously
In a fantasy, far as I can see (Woah)
Only time that you call, when your options leave

Well I'm too far gone to deal with your bullshit (Woah)
Fill my cup, I don't want to do this (Oh, oh)
Too far gone to deal with your bullshit
I just got to know (Hey, hey, hey)

If you had options (Yeah)
Then why'd you even stick around
Long enough for me to find out? (Out)
Fuck your emotions (Yeah, yeah)
You called me in the dead of night
You expected me to pick up

When you lied enough for me to believe
You'll never change at all
If you had options (Yeah, yeah)
Then why'd you even stick around
Long enough for me to find out?

Why you keep on calling?
Text when I don't want it
Telling me you want my time (Oh, no)
But baby, when you had it
All you did was trash it
Girl, shit was out of line (Oh, woah)

If you had options (Yeah)
Then why'd you even stick around
Long enough for me to find out?
Fuck your emotions
You called me in the dead of night
You expected me to pick up

When you lied enough for me to believe
You'll never change at all
If you had options
Then why'd you even stick around
Long enough for me to find out?
