

Buffalo, NY

Into It. Over It.

We got over-served in Mohawk Bar
With passing glances from the door to me
With a handful of luck
So I'll be here for a couple days
The tallest me with two first names
You see, I don't get out much

And I know that seems absurd to hear
But if you take me where I want to go
I'll show you a decent time

As demanding as a country's king
The Queen City's history is burned into the streets
As we ride in your car
And while my heart is set on leaving soon
I'll do my best to motion you to me
It's really not far

And I know that seems absurd to hear
But if you should go where you want to go
I'll show you a decent time
I'll show you a decent time
I'll show you a decent time
