

# Come Inside

## Intro

(Let me) let me, come inside  
(I'll keep you) I'll keep you satisfied, tonight  
If you want me, if you need me  
(Let me) turn down all the lights  
(I'll make you) I'll make you feel alright, tonight  
Come inside, come inside

I'm thinking about you  
The last time we made love  
And I fantasize  
So many things that I dream of  
I wanna do with you baby  
And tonight won't be the same  
I wanna come inside I like to hear you call my name

(Slowly) I'll give it to you baby  
(Only) if you promise me you'll let your mind run free  
Grab a hold and love me totally  
I wanna slip and slide dip and dive  
Do everything to make it alright tonight  
Just let me come inside, oh baby

(Let me) let me, come inside  
(I'll keep you) I'll keep you satisfied, tonight  
If you want me, if you need me  
(Let me) turn down all the lights  
(I'll make you) I'll make you feel alright, tonight  
Come inside, come inside

Baby just imagine I can do anything you please  
I can set your body on fire, or soothe your soul with ease  
Just a kiss, I'll taste your sweet sweet lips  
All of the passion I have inside of me  
I know you won't forget

(Slowly) I'll give it to you, baby  
(Only) if you promise me you'll let your mind run free  
Grab a hold and love me totally  
I wanna slip and slide dip and dive  
Do everything to make it alright tonight  
Just let me come inside, oh baby

(Let me) let me, come inside  
(I'll keep you) I'll keep you satisfied, tonight  
If you want me, if you need me  
(Let me) turn down all the lights  
(I'll make you) I'll make you feel alright, tonight  
Come inside, come inside

Let me rub you down  
(Let me caress you all over your body, baby)  
Move-in closer now  
(Feel my inner rise)  
Hold on tight and don't let go  
Coming home together, baby
