

Evil is but a word that was bourght  
Upon man by the making of a god  
Who never redeemed anyone  
Not even his one and only son  
Now watch him bleed

Open your eyes don't you see  
It's the world you believe in  
Open your mouth and scream it oud loud  
At the world you believe in  
The world....

Love is just a word that a mother  
Thought here weeping child after his father  
Had beaten him with a stick that was made for only  
One purpose beating that damned carcass  
Now watch him bleed

Look at what we've don again  
Always taking what we're fed  
From strings we hang on and live our days  
In a haze

There's a time to work and a time to play  
And a time to go ease your mind  
You see this world it is filled with adversity  
That we're facing all the time  
And though the cance is slim you feel you can't win  
Still remember dreams can come true  
Put it's the things you believe that will help you achieve  
Your reality's upon you  
People love yourselves because no one can take your place  
No one at all  
Stay true to yourself and never let them change your ways  
No one at all
