Fireside

Invent, Animate

Run into the dark, keep my two worlds apart
Choke out the light, extinguish what burns in me
Hold my breath, feel the hole inside my chest
Bleed out your life so I can breathe

I wake up shaking cold
Always alone, warmth is a home
I can't find my way back to
I was at home with you
But I traded it for a shiver
But I traded it for a shiver
I traded it all

Violent winter, frigid weather
Heartbeat darker, spirit severed
Keep me close, my soul is fading
Keep me close, I hope you're waiting for me

Violent winter, frigid weather
Heartbeat darker, spirit severed
Burn me to ashes, burn me to ashes
I need to feel the flame
Burn me to ashes, burn me to ashes
There is no warmth without you

I wake up shaking cold
Always alone, warmth is a home
I can't find my way back to
I was at home with you
But I traded it for a shiver
But I traded it for a shiver
I traded it all
