Invent, Animate

Every day is a new day  
Nothing will be the same for you  
Every day is a new day  
Nothing will be the same for you and me  
This will pass  
All will fall  
You will fall... down

Nothingness surrounds you  
Yet this whole world is around you  
Break the spell  
Overcome the system  
Release everything you're holding onto  
Every grasp will one day let go

Why do you go and do this to me?  
You never knew my intentions  
Why do you go and do this to me?  
You never knew my intentions

We're pointed in the wrong direction

Time and space  
Time and space  
Time and space  
Time and space

This is your way  
This is your way... out

It's your ticket out [?]

Pardon me  
I'm set free
