

Multiple Homicide

Inveracity

Punishment for immoral deeds
Unfaithful whore
I possess you with my blade

Fatally stabbed - cry out in terror
Razor's edge - cold eyes of fear
So perverse - multiple homicide

Phallic weapon - my skinning knife
Murder heals improve
No traces of sex - just bloodshed

Fatally stabbed - cry out in terror
Razor's edge - cold eyes of fear
So perverse - multiple homicide

Strip nude for the murderer
Too beautiful to die
Your sweet body for the killing
Naked female flesh
I am forced to kill again
I caress you with my blade
Ritualistic murder
