

# Dead To Me

InVisions

One time we're steady giving no fucks  
And all you fake motherfuckers better know what's up, what, what  
You're pulling out and we're pulling up  
In the driveway of your main bitch  
This dick leaving her shook

Who are you to question who I am?  
You think you're so fucking special yet I don't give a damn  
Opportunist tryna play a game you've already lost  
I'll fucking make you wish our paths had never crossed  
Ignite the fuse, your doomsday's closing in  
It's fucking closing in I swear  
What's happened, mouth is silent, have you lost your nerve?  
You'll die inside as you watch your empire burn

One time we're steady giving no fucks  
And all you fake motherfuckers better know what's up, what, what  
You're pulling out and we're pulling up  
In the driveway of your main bitch  
This dick leaving her shook

I wanna know you're suffering  
You better fear for your life 'cause I've come to take everything  
You dug your grave with every sin  
And I just want you to know I don't regret a fucking thing  
Another nail in the coffin  
You dug your grave with every sin  
And I just want you to know I don't regret a fucking thing

One time we're steady giving no fucks  
And all you fake motherfuckers better know what's up, what, what  
You're pulling out and we're pulling up  
In the driveway of your main bitch  
This dick leaving her shook

What do you say to somebody you hate?  
Yeah, you dumbass motherfucker, time we set this straight  
There ain't no way around it, who you tryna front?  
'Cause when all's said and done  
You're still a cunt

You're still a cunt

You fucking wretched worthless waste of skin  
You sicken me  
I'll pull the trigger, watch you fall down to your fucking knees  
You're dead to me (You're dead to me)  
You're dead to me

One time we're steady giving no fucks  
And all you fake motherfuckers better know what's up, what, what  
You're pulling out and we're pulling up  
In the driveway of your main bitch  
This dick leaving her shook

You're dead to me  
And all you fake motherfuckers better know what's up, what, what

You're dead to me (You're dead to me)  
And all you fake motherfuckers better know what's up
