

# Fall With Me

InVisions

The blood will clot, the bones won't mend  
Below the surface we're all doomed  
In the end

Face it, we're running out of time  
And I don't know how to fix this  
I saw it coming, but I never predicted (Devastating)  
Waiting and watching  
The numbered days until my world will mean nothing

I've watched my world fall apart to nothing

Don't leave me out in the dark  
'Cause I don't believe  
That you can do this without me  
And when you're falling apart  
Just fall with me  
Just fall with me

But still I promise you  
Whatever happens until eternity  
Gone in a second, but forever in a memory  
Hope 'til we're hollow  
Heaven have mercy for the time that we borrow

And when you fall apart, just fall with me

Don't leave me out in the dark  
'Cause I don't believe  
That you can do this without me  
And when you're falling apart  
Just fall with me  
'Cause I can't do this without you  
(Just fall with me, just fall with me)  
Don't leave me out in the dark  
(Just fall with me, just fall with me)  
Cause I can't do this without you  
(Just fall with me, just fall with me)  
And when you're falling apart  
(Just fall with me, just fall with me)  
'Cause I can't do this without you  
(Just fall with me, just fall with me)

The more I fight, the worse it gets  
Too many years with a gun held to my head  
So what's the point pretending?  
'Cause either way, there is no happy ending

The more I fight, the worse it gets  
Too many years with a gun held to my head  
So what's the point pretending?  
'Cause either way, there is no happy ending
