

Don't leave me out in the dark 'cause I don't believe  
Just fall with me, just fall with me  
I'm falling  
And when you're falling apart just fall with me  
Just fall with me  
Don't leave me out in the dark 'cause I don't believe  
Just fall with me, just fall with me  
I'm falling  
And when you're falling apart just fall with me  
Just fall with me
