

I'm in conniptions for the final act you came here for  
The one derivative you manage is the one I abhor  
I need a minute to elaborate for everyone the everyday  
Bullshit things that you have done  
Your impossible ego fuck  
Is like a megalomaniacal tab on my tongue  
You fucking touch me, I will rip you apart  
I'll reach in and take a bite out of that shit you call a heart  
Yeah, yeah, yeah  
I don't mind being ogled, ridiculed, made to feel minuscule  
If you consider the source, it's kinda pitiful  
The only thing you really know about me is  
That's all you'll ever know

I know why you blame me  
I know why you blame yourself  
I know why you plague me  
I know why you plague yourself

I'm turning it around like a knife in the shell  
I wanna understand why, but I'm hurting myself  
I haven't seen a lotta reasons to stop it, I can't just drop it  
I'm just a bastard, but at least I admit it, at least I admit it

I know why you blame me  
I know why you blame yourself  
I know why you plague me  
I know why you plague yourself

Yeah

Kill you, fuck you, I will never be you, you  
Kill you, fuck you, I will never be you, you  
I can't fucking take it anymore  
A snap of the synapse, and now it's fucking war  
Kill you, fuck you, I will never be you, you

I know why you blame me  
I know why you blame yourself  
I know why you plague me  
I know why you plague yourself  
I know you blame me  
I know why you blame yourself  
I know why you plague me  
I know why you plague yourself

Well, I know why you blame yourself  
I know why you blame yourself  
I know why you plague yourself  
I know why you plague yourself
