

## Turn Up

## InVisions

Hell yeah, we're right back at it again  
Line up those bottles and tell your friends  
That it's about to go down  
And if you're lucky you might make it to the second round

Too much is never enough  
And I won't quit until my heart stops beating  
Just, just try and keep up  
Keep up, cause this is far from over

Run, I just can't escape  
It's the light through the smoke and it's beckoning me  
I swear I will never change  
Cause there's no way back and I don't wanna be saved  
I don't wanna be saved

Damn girl, I think you really wanna know  
How I get faded  
One more, it's time to go  
And I'm not going home alone so

Raise those fucking bottles up  
We're here to fucking turn it up  
And if you think I give a fuck  
I'll hunt you down

Hit us with another round  
Another fucking bottle down

Run, I just can't escape  
It's the light through the smoke and it's beckoning me  
I swear I will never change  
Cause there's no way back and I don't wanna be saved

Seen your girl staring over at me  
Knows she shouldn't, said she couldn't  
Now she's making me leave

Seen your girl staring over at me  
Knows she shouldn't, said she couldn't  
Now she's down on her knees

Out at the bar you try'na drink for free  
Shoot 'em down, burn them up  
Fucking third degree  
The only reason you came home with me  
So you could tell all your friends that you've had this D

You've had this D

Run, I just can't escape  
It's the light through the smoke and it's beckoning me  
I swear I will never change  
Cause there's no way back and I don't wanna be saved

So put those middle fingers up  
Cause we don't give a mother fuck

We're here to fucking turn it up  
Can't shut us down

So put those middle fingers up  
Cause we don't give a mother fuck  
We're here to fucking turn it up  
You can't stop us now  
You can't stop us now
