

# By My Side

INXS

| : G G D Emi D Emi A : |

**Hmi**                      **D**                      **Hmi**                      **D**  
In the dark of night, those small hours,  
**Emi**                      **F#**                      **Hmi**  
Uncertain and anxious, I need to call you

**G G D Emi D Emi A**

**Hmi**                      **D**                      **Hmi**                      **D**  
1. Room's full of strangers, some call me friend  
**Emi**                      **F#**                      **Hmi**  
But I wish you were so close to me  
**D**                      **Hmi**                      **D**  
In the dark of night, those small hours  
**Emi**                      **F#**                      **Bmi**  
I drift away when I'm with you

**D**                      **G**  
In the dark of night, (by my side)  
**D**                      **G**  
In the dark of night, (by my side)  
**Hmi**                      **G**                      **A**  
I wish you were, I wish you were

2. Here comes the clown, his face is a wall  
No window, no air at all  
In the dark of night, these faces they haunt me  
But I wish you were so close to me

**A**                      **D**                      **G**  
In the dark of night, (by my side)  
**D**                      **G**  
In the dark of night, (by my side)  
**Hmi**                      **G**                      **A**  
I wish you were, I wish you were

**D**                      **G**  
In the dark of night, (by my side)  
**D**                      **G**  
In the dark of night, (by my side)  
**Hmi**                      **G**                      **A**  
I wish you were, I wish you were

**Hmi**                      **D**  
In the dark of night,  
**Hmi**                      **D**  
those faces they haunt me  
**Emi**                      **F#**                      **Hmi**  
But I wish you were so close to me  
**Emi**                      **F#**                      **Hmi**  
Yes I wish you were by my side
