Not Enough Time

And I was lost for words In your arms Attempting to make sense Of my aching heart If I could just be Everything and everyone to you This life would just be so easy

Not enough time for all That I want for you Not enough time for every kiss And every touch and all the nights I wanna be inside you

We will make time stop For the two of us Make time stop And listen for our sighs

Not enough time for all That I want for you Not enough time for every kiss And every touch and all the nights I wanna be inside you

In our fight against the end Making love we are immortal We are the last two left on earth And I was lost for words In your arms Attempting to make sense of My aching heart If I could just be everything And everyone to you

Not enough time for all That I want for you Not enough time for every kiss Not enough time for all my love Not enough time for every touch

Not enough time for all That I want for you Not enough time for every kiss And every touch and all the nights I wanna be inside you
