ionnalee

One fire tall  
Rising from the ashes  
Diamonds from coal  
In their pale blue shine you  
Seem vacantly lost  
Singing songs to the masses  
What keeps that hunger warm

I hear your jade voice reliving fading songs  
Cha cha Changes and Holoscene  
The Needle and the damage done  
As the night dissolves  
When tomorrow comes  
Cha cha Changes and Silence  
Forever wishing they were yours

I'll beat their needs  
Protected from strangers  
We watch the world  
Move further and further off  
How we stick to ours  
Like honey to naked skin  
They never will know

I hear your jade voice reliving fading songs  
Cha cha Changes and Riverman  
Rhianon and The Hounds of love  
When the night destroys  
There's no tomorrow  
Cha cha Changes and Heartbeats  
Forever longing to be gone

I hear your jade voice reliving fading songs  
Cha cha Changes and Fountain  
A Broken barrel of a gun  
And the rising noise  
Will settle to the floor  
Cha cha Changes and Numbers  
Maybe we were Born to run
