

GONE

(Gone, gone)

On two legs but my feet never touched the ground
I got my head in the soil, leave no prints to be found
The nature's strength, the wonder who I am (gone)
A weakening force, all echoes from my past
Gone, gone, gone, gone, gone

And the battle goes on (shala...)
And the love that you felt (shala...)
Will be here when you are gone (shala...)
And the songs that you sung (shala...)
And the words that you meant (shala...)
Will be here when you are gone (shala...)
Sh!

(Will be here when you are gone)

This mouth on me and this voice against time (gone)
Be brave and free or be wing clipped and grimed (gone)
This weakening noise will fade softly to silence (gone)

And the battle goes on (shala...)
And the love that you felt (shala...)
Will be here when you are gone (shala...)
And the songs that you sung (shala...)
And the words that you meant (shala...)
Will be here when you are gone (shala...)

And the battle goes on (shala...)
And the love that you felt (shala...)
Will be here when you are gone (shala...)
And the songs that you sung (shala...)
And the hurt that you felt (shala...)
Will be here when you are gone (shala...)

One final moment as I stay awake
As the air I breathe will make a change of space (gone)
They'll never know, they'll never feel the ache
The drips of salt you're tasting off my face
The nature's strength, the wonder who I am
Shala, shala, shala, shala, shala, shala

And the battle goes on (shala...)
And the love that you felt (shala...)
Will be here when you are gone (shala...)
And the songs that you sung (shala...)
And the words that you meant (shala...)
Will be here when you are gone (shala...)

And the battle goes on (shala...)
And the love that you felt (shala...)
Will be here when you are gone (shala...)
And the songs that you sung (shala...)
And the hurt that you felt (shala...)
Will be here when you are gone (shala...)
