ionnalee

Someone blasted a hole in me, eh
I lean forward to let it bleed, hmm, oh
Do-do-do, do-do-do-do-do-do
Someone wanted a whole of me
I open my hands with [?], hmm, oh

Ah, ah

Keep forgetting to remember myself
Keep forgetting to embrace myself
I keep letting you in on my shell
I keep stepping in my own track
Keep forgetting to remember myself
Keep forgetting to embrace myself
I keep letting you in on my shell
I keep stepping in my own track

Someone told me that talk is cheap
I open my mouth to wash it clean

Keep forgetting to remember myself
Keep forgetting to embrace myself
I keep letting you in on my shell
I keep stepping in my own track
Keep forgetting to remember myself
Keep forgetting to embrace myself
I keep letting you in on my shell
I keep stepping in my own track

Ah-ah-ah, ah
Ah-ah

(Keep forgetting)
Keep forgetting myself
Letting in on my shell
Keep forgetting myself
Letting in on my shell

Keep forgetting to remember myself
Keep forgetting to embrace myself
I keep letting you in on my shell
I keep stepping in my own track
Ah-ah-ah, ah
Keep forgetting myself
Letting in on my shell
Keep forgetting myself
Letting in on my shell
