

Treacherous way of life  
For the fool and the wise  
Big rewards for the brave  
Punishment so they'll behave, behave

Play with me the game of fire  
Join the land in heartfelt choir  
This is the sound of joy  
Coming from your innermost  
Sprung from north, coast to coast  
Play with me the game of fire  
Join the land in heartfelt choir  
This is the sound of joy  
Coming from your innermost  
Sprung from north, coast to coast

There were calls and demands  
To become one of them  
Gave me life on one condition  
(I owe them reason, I owe them vision)

Play with me the game of fire  
Join the land in heartfelt choir  
This is the sound of joy  
Coming from your innermost  
Sprung from north, coast to coast  
Play with me the game of fire  
Join the land in heartfelt choir  
This is the sound of joy  
Coming from your innermost  
Sprung from north, coast to coast

Of joy  
Coming from your inner most  
Sprung from north, coast to coast
