

LIKE HELL

ionnalee

Carry my head with this mangled body
It hurts like hell
Carry my head with this mangled body
It hurts like hell

The lights are on
There's nobody home
Longest sleep
And hardest moan

Carry my head with this mangled body
It hurts like hell
Carry my head with this mangled body
It hurts like hell
Carry my head with this mangled body
It hurts like hell
Carry my head with this mangled body
It hurts like hell
