

SOME BODY

ionnalee

If I could see your face
Like somebody that I used to know
If I could say your name
And my heartbeat in a steady flow

Comes and goes like that
Know it seems like home

Ooh... and we remember the good times
Leaving splendour at all times
See the sun on blue new sky
Ooh, goodbye
Wave our memories goodbye
With the end of humankind
Make it rain on the blue sky
Oh-ooh

Ch-ka
Hey!

Yeah, why won't you play my game?
Love is sadness of tomorrow, ah
You just blew out the flame
Come on bring the age of sorrow, ah

Ooh, ooh...

Ooh... and we remember the good times
Leaving splendour at all times
See the sun on the new sky
Ooh, goodbye
Wave our memories goodbye
With the end of humankind
Make it rain on the blue sky
Ooh

Why won't you let me talk 'bout the sadness of tomorrow?
Oh-ooh

Yeah, if I could see your face, huh
Like somebody that I used to know, ah
If I could say your name, hmm
And my heartbeat in a steady flow
Why won't you let me talk 'bout the sadness of tomorrow?
