

Particular Hatred

Iperyt

To all my enemies if you are still alive
I'm coming for you now to bring this fucking rite
With all my strength and hate the curses will be done
With all my powers smashed against your hopeless run

I was born to hate you to be your pain and death
To be your lethal doom, your sadness and your end
I can feel my body filled with stunning rage
I can feel my soul fuelled by hell

Die bitch!
Die motherfucker!
Die dirty cunt!
Die Die Die!

To all my enemies if you are still alive
I'm coming for you now to bring this fucking rite
With all my dedication to command you: "lie and die"
I won't ever stop till you plunged in fright

I will fucking vanish every single trace of you
Eradicate your joy, your pleasure and your truth
Wipe out your dreams and gains from the past
Cause I am here to demolish you!!

Die bitch
Die motherfucker
Die dirty cunt!

Die of my anger die of my hate
Die in convulsion die in pain
Die of my assault on your body, soul and faith
Your miserable existence finally reaches end

Die bitch!
Die motherfucker!
Die dirty cunt!
You fucking shithead die!!

Welcome to hell!!!!
