

## Phantom Black Dogs

Iperyt

And what if your modern spiritual comfort  
Is nothing but an illusion?  
Ancient terror dwells in secret places  
Forgotten by many, but never dead

Fear the Black Dogs  
The bringers of misfortune and death  
Fear the messengers of darkness  
The Haunters of graveyards and ancient lanes

A Broader sense of evil  
Tenebrosity in blood and soil  
The Folkish darkside of the nation  
Against the modern age - it lives on
