

# Never Turn Back Time

IRA

Standing in the crowd  
That's the way that I am feeling  
Seems that time is now  
Even though it's more like bleeding  
More than blind I've never realized  
I have seen the sings  
Just to show what I believe in

Even if had to sleep in sorrow  
Even if my days would stop just now  
Even in my life seems more like trouble  
Never turn back time

Yesterday we tried  
Yesterday we asked for reasons  
If time is passing by  
All I see is only seasons

Even if had to sleep in sorrow  
Even if my days would stop just now  
Even in my life seems more like trouble  
Never turn back time
