

All for You

Iration

Darlin', darlin'
My how the time flew
We were so poor and lost back then
But we made it through
I got the groceries and you paid the electric
Just enough to make due
Things were never easy but we were strong together
Cuz one and one made two

So I'll drive all night till the wheels fall off
Just to get to you
I'll keep you warm when it's cold outside
Won't have to ask me to
Pull you close when it's hectic and you're feeling disconnected
I'll be there for you
Give every beat til my heart runs out
Cuz they're all for you

All for you
All for you

Darlin', darlin'
All that you gave to me
Knew right away I was falling
And you were so carefree
We wrote our names and we put them in a bottle
And sent it out to sea
At the end of the night we went in different directions
But it was destiny

Knew I'll drive all night till the wheels fall off
Just to get to you
I'll keep you warm when it's cold outside
Won't have to ask me to
I'll pull you close when it's hectic and you're feeling disconnected
I'll be there for you
Give every beat til my heart runs out
Cuz they're all for you

All for you All for you All for you All for you

So I'll drive all night till the wheels fall off
Just to get to you
Give every beat til my heart runs out
Cuz they're all for you

All for you
