

Yeah, we're coastin'  
Nothing in the world could ever take this from me  
Alive with the feeling that your loving gives me  
We're coastin'  
Yeah, we're coastin'

No one can interrupt my groove today  
Been watching grey skies move away  
I just don't think that I can lose and I  
Might just take a cruise and let the sunshine play  
Something more something new  
Something you get attracted to  
That light that shines on water in the midnight blue  
So let's ride, catch a vibe, go get lost in our minds  
Feels good just to know that I'm alive

Nothing in the world could ever take this from me  
Alive with the feeling that your loving gives me  
We're coastin'  
Yeah, we're coastin'

Mmm

In a life so filled with moves there's a stillness that can be  
You can only find it if you're waiting patiently  
And coastin'  
Yeah we're coastin'

I... I just wanna go back  
I... just wanna go back

Losing track of days  
Losing track of time  
Where have I gone?  
Where is my mind?

Been a couple days  
At least a couple nights  
Nowhere to go  
I'm on a ride  
I'm just out here trying to be the best that I can be  
Shout out to my friends who passed I feel your energy

So let's ride, catch a vibe, go get lost in our minds  
And everybody reach for the sky

Nothing in the world could ever take this from me  
Alive with the feeling that your loving gives me  
We're coastin'  
Yeah, we're coastin'  
In a life so filled with moves there's a stillness that can be  
You can only find it if you're waiting patiently  
And coastin'  
Yeah we're coastin'

I... I just wanna go back  
I... just wanna go back
