

Comedown

Iration

I didn't know
That it would be the last time
Looking in your eyes
Talking 'bout what came to mind
Couldn't clear my head
Words left unsaid
Knowing that I couldn't stay
What are we doin'
Was it all an illusion?
Watching as you walked away

When we said goodnight
I was thinking 'bout the things you said and it felt right
We were staring at the stars over city lights
And you left me feeling high but no matter how I try

I want you
'Cause I'm feeling the comedown
I need you
Addicted to the way you sound
'Cause the nights are cold when
I can't hold you
I want you
'Cause I'm feeling the comedown

Wish I wasn't the one that was born to run
Chasin' bigger skies makes this life a lonely one
Now I'm 30,000 feet up in the sky
Sitting in a window seat, tears in my eyes
Can't believe that you're gone, gone, gone
What the hell have I done, done, done
Never meant to hurt you
But breaking you, yea it broke me too

I want you (I want you)
'Cause I'm feeling the comedown
(I'm feeling the comedown)
I need you
Addicted to the way you sound
And the nights are cold when
I can't hold you
I want you (I want you)
'Cause I'm feeling the comedown
I'm feeling the comedown yea
I'm feeling the comedown mm hmm
I need you
I'm feeling the comedown

When the nights are cold and I can't let go
And I hear your voice everywhere I go
Whoa oh oh, whoa oh oh, whoa oh oh, oh whoa
When the nights are cold and I can't let go
And I hear your voice everywhere I go
Whoa oh oh, whoa oh oh, whoa oh oh, oh whoa
And the nights are cold when (nights are cold)
I can't hold you
Whoa oh oh, whoa oh oh, whoa oh oh, oh whoa

(I feel it)
And the nights are cold when (nights are cold)
I can't hold you (I can't hold you)
I want you
Whoa oh oh, whoa oh oh, whoa
