

Daytrippin

Iration

Daytrippin down in Mexico

Met a man at Las Rocas
Livin' down here since '68
One day they found him broke down on a desert highway
Lost the race but he found his way

Bought some gas from Ignacio
Spent all day at K38
Said he lost his, senorita
And he asked me, have you seen her?
And pointed down to the shore

There's a place that I wanna go
Waves are fast but the time moves slow
Mezcal and a cloud of smoke
Daytrippin down in Mexico

Been to the top of La Mesa
Swam to the depths of Del Mar
Always on the run but didn't have to go too far
Ended up in the Valle
She got me under her spell
They say I'm crazy
They don't know the story
Whoa oh oh oh
Forget about everything you know
Just take a hit and leave it all behind

There's a place that I wanna go
Waves are fast but the time moves slow
Mezcal and a cloud of smoke
Daytrippin down in Mexico

There's a place that I wanna go
Waves are fast but the time moves slow
Mezcal and a cloud of smoke
Daytrippin down in Mexico
