

# If You Only Knew

Iration

Staring at the ceiling every night  
Wishing everything had gone right  
I feel something missing in my life  
Remembering those words  
Remembering those words

Got a feeling that I can't shake  
Both know we made mistakes  
Now I'm wondering I'm wondering if it's not too late  
We shared everything from the start  
I know I probably broke your heart  
I'd give anything give anything for you to hear me say

I'm thinking about you  
And you know it's true  
Please baby please there's something about your love  
I can't bear to be alone  
If you only knew

Can't forget the feeling in your eyes  
Wishing I could kill my foolish pride  
If I could only show you what's inside  
Then you'd hear those words  
Then you'd hear those words cuz

I've got a feeling I just can't shake  
I know I made mistakes  
And I pray for you I pray for you to say it's not too late  
Shared everything at the start  
Until I broke your heart  
I'd give everything give everything for you to hear me say

I'm thinking about you  
And you know it's true  
Please baby please there's something about your love  
I can't bear to be alone  
If you only knew

Think about you think about you think about you  
You know I really really think about you think you think about you

And you can tell me if you want me to  
And I can tell you that I know it's true

Think about you think about you think about you  
You know I really really think about you think you think about you  
And you can tell me if you want me to  
And I can tell you that I know it's true

I'm thinking about you  
I'm thinking about you  
And you know it's true  
Please baby please there's something about your love  
I can't bear to be alone  
If you only knew

Think about you think about you think about you

You know I really really think about you think you think about you  
And you can tell me if you want me to  
And I can tell you that I know it's true

Think about you think about you think about you  
You know I really really think about you think you think about you  
And you can tell me if you want me to  
And I can tell you that I know it's true
