

Worn down from the daily grind  
It's getting harder just to make you smile  
And the means to an end don't justify  
And trying way too hard, just not my style  
Won't spend another day, wasting away  
Time to turn it all around  
I wanna live life naturally  
The way it was meant to be

What you say that we go on a ride  
And head somewhere that's hard to find  
If you come along with me  
We'll have a little beach party  
Cruising  
Smoking  
Spend a little time by the ocean  
If you wanna feel alive  
We can catch a sunset  
In real life  
In real life  
In real life  
In real life

On a beach blanket fireside  
Crashing waves and the moonlight  
Can't stop the hands of time  
But we can lay here all night  
We should probably go but I want you to know  
If it were all up to me  
We can run it all back again  
And make it our reality

When we need a little change of mind  
Let's head somewhere that's hard to find  
Come along and dance with me  
It's a just little beach party  
Drinking  
Hoping  
That there's another bottle we can open  
I just wanna feel alive  
Let's go catch a sunset  
In real life  
In real life  
In real life  
In real life

Whoa

Souvenir from when you were younger  
Takes you back to that time and place  
Though a picture might last longer  
They'll never make you feel the same way

Whoa whoa whoa whoa  
Whoa whoa whoa whoa  
Whoa whoa whoa whoa  
Whoa whoa whoa whoa

In real life  
In real life  
In real life  
In real life

In real life  
(Let's go catch a sunset)

Whoa whoa whoa whoa  
Whoa whoa whoa whoa  
Whoa whoa whoa whoa  
In real life
