

Know Your Name

Iration

Talking we've been talking
And if you only knew
This daydream I've been lost in
Lost in loving you
There's no limit in my mind
Cuz what you say I'll do
Just because it's reality, doesn't mean it's true

Baby baby I'm not scared
Running 'round up in my mind
You know I'm prepared
Thought of it a million times but

I don't know your name

Thinking I've been thinking
Of places we could go
You me and the weekend
So let's not take it slow
I'm not trying to waste your time
And I'm no Romeo but
You need to know that I want you
And I'm trying to let you know

Action reaction we're just molecules
Mixing in brilliant ways
If that is true then I'm sticking with you
Pardon me as I'm drifting away
There's no hurry
Please don't worry
These days that ain't cool
I keep waiting
Just keep waiting
Just keep telling myself to tell you
