

Last Night

Iration

I've been thinking bout ya lady
Been waiting for ya all day
I was hoping that you'd make it back by sundown
Saw you looking lovely
When you said pour us some bubbly
I could see that you weren't messing around

Lights were down low
I start to smile
Haven't been here for a while
You were all mine
We were up late
With no time left to hesitate

Last night
Started with a bottle of wine
Just enough to make you feel fine
Wishing that I could rewind
Girl
You had me feeling in the mood
Dropped the needle in the groove
You were doing that thing you do
Last night

Yea oh baby ah yea
Let's relax and take it easy (easy)
There's no time for wasting baby
You know that you're the only one for me
(Only one for me yea)
And all I wanna do is be there for you
Girl I want you to be my queen
Said there's nothing more to say
(Nothing more to say)
Don't feel no way (don't feel no way)
I just wanna love you all the way yea (all the way)

Last night
Started with a bottle of wine
Just enough to make you feel fine
Wishing that I could rewind
Girl
But you had me feeling in the mood
Dropped the needle in the groove
You were doing that thing you do
Baby baby baby baby
Last night
Last night ah yea

Lights were down low
I start to smile
We might be here for a while
You were all mine
We were up late
There's no time left to hesitate
Last night yea
Last night baby
Last night (last night)

Last night baby (ooohhh)
Last night (last night)
Last night yea (ooohhh)

Last night
Started with a bottle of wine
Just enough to make you feel fine
Wishing that I could rewind
Girl
But you had me feeling in the mood
Dropped the needle in the groove
You were doing that thing you do
Last night
Do what you do what you do
Last night ah yea
Oh baby baby baby
Do what you do what you
Last night
Oh yea
