

Lost And Found

Iration

Sometimes I think about...
Life was so simple back then
We'd run around no shoes
Just some cane field blues
No thought to what was round the bend
Sheets filled with sand
And secrets in the banyan
Sometimes I wonder if it's all a dream
Another green flash playing tricks on me
But I know that deep inside it's still alive
Let me take you back and you'll see

Remember getting lost and found
Your whole world inside a one-road town
Set your mind at ease to the tropical breeze
And Uncle playing slack key
We used to spend all day at the beach
Shorebreak, fishing and sunburnt cheeks
Take me back take me back take me back
Take me back to you

You know that I
Try not to live in the past
But when my mind starts to run then it sure runs fast
Clear skies and that green green grass
In the valley of the kings
On that old rope swing
And if you climb up in the tallest tree
Get a quick glimpse of what the day might be
Then you'll know that deep inside
I'm still alive
So whenever you're lost at sea

Remember getting lost and found
Your whole world inside a one-road town
Set your mind at ease to the tropical breeze
And Uncle playing slack key
We used to spend all day at the beach
Shorebreak, fishing and sunburnt cheeks
Take me back take me back take me back
Take me back to you

Remember getting lost and found
Your whole world inside a one-road town
Set your mind at ease to the tropical breeze
And Uncle playing slack key
We used to spend all day at the beach
Shorebreak, fishing and sunburnt cheeks
Take me back take me back take me back
Take me back to you
