

# Number 1

Iration

Baby you'll always be my number 1  
Cuz you're the first thing on my mind  
When I wake up with the morning sun  
And when I'm dreaming at night

Next to you the only place I wanna be  
You got the fruit want to shake up your tree  
Don't want the juice if it's not worth the squeeze  
Just say the word cuz you do what you please  
Oh girl you can say what is on your mind  
And do what you like  
Your world brighter than the stars that shine  
Your name in the lights

Baby, you'll always be my number 1  
Cuz you're the first thing on my mind  
When I wake up with the morning sun  
And when I'm dreaming at night

You put the ease in that cool summer breeze  
Bring the good in the vibes that I need  
Live under water you're the oxygen I need  
You got claim to my throne as my one and only queen  
Oh girl you can do what you want to you know  
Wherever you go  
Your world let go what you can't control  
You're never alone

Baby you'll always be my number 1  
Cuz you're the first thing on my mind  
And when I wake up with the morning sun  
And when I'm dreaming at night  
When the weight is heavy on your shoulder  
Rest your burden on mine  
Because you'll always be my number 1  
Until the end of time

Shame for leaving you last in line  
He never treated you right  
Things are changing now that you're mine  
Give you loving every day and night

Baby you'll always be my number 1  
Cuz you're the first thing on my mind  
When I wake up with the morning sun  
And when I'm dreaming in the night  
When the weight is heavy on your shoulder  
Rest your burden on mine  
Because you'll always be my number 1  
Until the end of time

Number 1  
You are my number 1, babe
