

# Get A Grip

Irene Cara

Get a grip, get a grip on it  
Try to stay on it, baby  
Get a grip, don't let up on it  
Gotta get on it, baby

Get a grip, get a grip on it  
Try to stay on it, baby  
Get a grip, don't let up on it  
Gotta get on it, baby

Floating, so high above the ground  
Playing between the sound of perilous boundaries  
Seek out confusing surroundings all around

Working, to gain some higher ground  
Then there's a stranger  
Keeps a-calling inside of my head  
Wonderin' when there will come a time  
The power of your love is all I want to find

A hit today is tomorrow's debt  
And yesterday's a cancelled check  
You do your best, careful not to fall  
Gotta stay one step ahead of them all

Get a grip, get a grip on it  
Try to stay on it, baby  
Get a grip, don't let up on it  
Gotta get on it, baby

Get a grip, get a grip on it  
Try to stay on it, baby  
Get a grip, don't let up on it  
Gotta get on it, baby

Laying, the tracks of endless sound  
The cost is high but I got to do it anyhow  
Total, control is on my mind  
It feels so right, I know it must be a sign

Working, to gain some higher ground  
Then there's a stranger  
Keeps a-calling inside of my head  
Wonderin' when there will come a time  
The power of your love is all I want to find

Ooh wanna find, wanna find love  
I wanna find love  
Wanna know. wanna know  
Where there's love to find

A hit today is tomorrow's debt  
And yesterday's a cancelled check  
You do your best, careful not to fall  
Gotta stay one step ahead of them all

A hit today is tomorrow's debt

And yesterday's a cancelled check  
You do your best, careful not to fall  
Gotta stay one step ahead of them all

Get a grip g-g-get a grip on it  
Try to stay on it, baby (try it for me)  
Get a grip, don't let up on it  
Gotta get on it, baby

G-g-get a grip
