

Heart's Highway

Iris DeMent

Through your heart there runs a highway
where the traffic comes and goes
and the old loves are replaced by the new
I keep searching for the stop sign I know I'll never find
'cause I'm just a love passing through

Chorus:

Oh, how I'd love to linger and how I'd love to stay
but it says "No Parking" on your heart's highway
So I'll just keep a-travelin' down that highway paved in blue
'cause I'm just another love passing through

(chorus)

'cause I'm just another love passing through
