

## Say A Good Word

Iris DeMent

Home's become such an angry place  
Friends now wear an enemy's face  
The chasm's grown so wide

Words of wisdom from a different time:  
An eye for an eye leaves the whole world blind  
The same is true today

We drown in ill will or we swallow the pill  
And go on and say a good word to them now

Say a good word  
Say a good word  
Say a good word  
Say a good word  
Say a good word  
Say a good word  
Say a good word  
Say a good word

Nobody gets everything right  
Shine your love light  
And say a good word to them now

Life is so hard, who isn't scarred  
Go on and say a good word to them now

Magnanimity, magnanimity, oh...  
Magnanimity, magnanimity, oh...

It's not too late, don't hesitate  
Go on and say a good word to them now

Say a good word  
Say a good word  
Say a good word  
Say a good word  
Say a good word (Say a good word to them)  
Say a good word (Say a good word to them)  
Say a good word (Say a good word to them)  
Say a good word (Say a good word to them)  
Say a good word...
