

## Another Way

Iris

Spiritless remains  
Walk out at night  
Avoid the day

In your inner state  
Follow the light  
Seek other ways

Another way  
Another way

You're a gloomy light  
And the saints send you love  
Echoes in the night  
Keep you awake  
And in a fragment of your mind

Another way  
Another way

Wake up it's the weekend  
There is a blue sky over you  
Life is like a secret you never knew  
And I'm alive and so are you  
It's a beautiful life
