

## Back To Life

Iris

There is mud inside my veins  
I'm walking feet upon the fire  
Just like a monk, I have been trained  
In the danger of desire

I'm back to life  
I've got the feeling  
I'm here to stay  
This time I mean it  
I'm staring right into the sun  
Until it blinds me to all of my wrongs  
I'm back to life

And I walk out on my own  
In some european city  
Though I'm Texas, bred and born  
I know the universe is with me

When everyone's tearing each other apart  
I'm piercing together a state of the art

Lost version of my once incomplete life  
That wasn't occupied

I'm back to life  
I've got the feeling  
I'm here to stay  
This time I mean it  
I'm staring right into the sun  
Until it blinds me to all of my wrongs  
I'm back to life  
I'm back to life  
"I'm back to life"  
I'm back to life  
"I'm back to life"  
I'm back to life  
"I'm back to life"  
I'm back to life  
"I'm back to life"  
I'm back to life  
"I'm back to life"  
I'm back to life  
"I'm back to life"  
I'm back to life  
"I'm back to life"  
I'm back to life
