

Feeder

Iris

Wasn't even on my radar
Came along like a shooting star
Maybe once I can get it right
For the first time in my life

[Chorus]

I don't know what I'm feeding on
Something whole in my soul
Breaking through the dawn

Coming in from the great beyond
I'm listening

Put the beat on the Sonus
I play it loud with the treble high
Sending joy at the speed of light

[Chorus]
