

Panic Rev

Iris

You won't like this
I'm gonna tell you everything
Come read my mind
Hurry 'cause It's racing

I'm coming into panic rev
Side to side crash and burn
I'm going into panic rev
On and on on and on

You won't like this
This ain't no Serenity
To calm you down
All that calm is history

I'm coming into panic rev
Side to side crash and burn
I'm going into panic rev
On and on on and on
