

# Silent

Iris

I feel relief  
I've said my peace  
I know your name  
I sing your praise

You know you don't belong  
And I can feel it too  
Few things in life  
Can hurt me like you do

[Chorus]  
I won't be silent anymore  
I won't let chances slip away like before

I feel so cold  
Deep in my soul  
The sun still shines  
And time still goes

You know you don't belong

And I can feel it too  
Few things in life  
Can hurt me like you do

[Chorus 2]  
I won't be silent anymore  
Anymore  
I won't let chances slip away like before  
Anymore  
I won't be silent anymore  
Anymore  
I won't let chances slip away like before  
Anymore

I won't be silent  
I won't be silent anymore

[Chorus 2]
