

Stars

Iris

Verse 1

The stars have left the sky
Hardly had the chance
to say Goodbye
Even though they're gone
The show must still go on and on and on

The stars were in your eyes
Pale pools of blue magic paradise
Hidden in the skies
We will still go on and on and on

Chorus

Living chasing time
In your mind
I wanna be there again
Crossing borderlines
Midnight highs
I wanna be high again
Northern lights come
Northern lights go
Come and lead me home, lead me home
I wanna see you again
I wanna see you again

Verse 2

In the summer air
Blowing on my skin - you're everywhere

Even though you're gone
We will still go on and on and on

Chorus

Living chasing time
In your mind
I wanna be there again
Crossing borderlines
Midnight highs
I wanna be high again
Northern lights come
Northern lights go
Come and lead me home, lead me home
I wanna see you again

Musical bridge

Chorus

Living chasing time
In your mind
I wanna be there again
Crossing borderlines
Midnight highs

I wanna be high again
Northern lights come
Northern lights go
Come and lead me home, lead me home
I wanna see you again
I wanna see you again
