

Cried Too Long

Irma Thomas

There's nothing to do but walk away
There's nothing but true, true words to say
But the truth isn't kind
It brings tears to sometimes
I may be sad but I'm strong
I know I've cried too long

I've made up my mind
It's time to leave
These tears behind
And start to believe
The bad times are gone
And I'll carry on
Though I can't right every wrong
I know I've cried too long

There's no, no place to go
But up from the ground
And it's gonna be harder
To put me back down
But I've found a way
To turn dark into day
Yes, I knew it all along
Seems that I've cried too long

There's no, no place to go
But up from the ground
And it's gonna be harder...
To put me back down
But I've found a way
To turn dark into day
Yes, I knew it all along
Seems that I've cried too long
